

# \E-Graphics Digital

## Webmaster (M/F)

TBWAGroup is probably the most integrated communications agency in Belgium (Brussels (Elsene/Ixelles)). We fundamentally believe in the power of different communication disciplines and have invested over the years in building strong expert brands within our agency. These expert brands are independent enough to foster and develop their own expertise, but are integrated enough to reinforce each other and collaborate in integrated brand teams.

Our digital production department stands for top-notch creativity in digital production. We believe that iconic ideas need state-of-the-art development and user experience, using the latest technologies or even by 'inventing' new technical possibilities! We cover a broad spectrum of activities: websites, campaigns, UX, e-commerce and e-mail-marketing applications but with a strong focus on creative campaigns.

Our clients include: Delhaize, Telenet, KBC, MINI, Touring, bpost, Playstation & many more.

## We're looking for an enthusiastic Webmaster with a go getter mentality and a passion for all things digital

### The job

As a webmaster, you'll work closely with our Digital Project Managers. You'll be directly involved in the creation of websites, landingpages & email campaigns. You will also be responsible for the digital support to our clients. You'll work with different CMS's (Drupal, Wordpress) as well as frameworks (CodeIgniter, Symfony) and campaign tools (Smartfocus, Mailchimp). To complete all your goals you'll have the support of a well-organized office & a dedicated team of digital experts.

### Your profile

- Working experience in a digital design or development field
- You are detail oriented and precise in your work
- You are familiar with current technologies like HTML5, CSS, Javascript, PHP...
- You are familiar with the tools in Adobe Creative Cloud
- You know all the ins and outs of a modern CMS (Drupal, AEM, ...)
- You have worked with campaign tools before (Mailchimp, Smartfocus, ...)
- It's a plus to have knowledge about databases (SQL)
- It's a plus to have knowledge about marketing automation
- You are bilingual (Dutch-French) with a solid knowledge of English
- Being fun doesn't hurt

### We offer

- Long term engagement
- A super challenging job, located in Brussels (Elsene/Ixelles)
- Inspiring multicultural environment with approximately 200 cool colleagues
- A competitive salary with numerous fringe benefits

### Interested?
